TALL DRINKING.—The weather for some time past has been excessively hot, at least that is the opinion of some people hereabouts, and a great many folks are very busy trying to keep cool. All sorts of dodges are adopted to accomplish the purpose, the most popular of which is swallowing numerous cooling drinks, such as lager and soda water. A few, however, adopt an opposite theory and prefer whisky, and thus fight the devil with fire. Mr. E. Bocking's soda fountain has become a very popular resort for those who believe in the ecoling theory, and, Judging by the large number in attendance, and the frequency of their calls, his customers find his decection very pleasant and delightfully refreshing. Noticing the heavy run on his establishment, we had the curiosity to enquire as to the number of glasses and on the 4th of July alone, two thousand. We concluded that Bocking's fountain is inexhaustible.

RIVER.-Considering the season of the year there is a very fair amount of business being transacted on the wharf. The river has continued at a navigable stage throughout the season, L and the packets have all continued to ply regularly. Yesterday the Alex They Speer, from Pittsburg, arrived and de-plicit parted for Cincinnati. The Bayard and Boulah left for Parkersburg. Revenue arrived with a good trip and will leave for Cincinnati this evening at five o'clock. Passengers cannot find more agreeable officers than Capt. Russell and Billy List.
